### TOPSIDER AND UNDERBODY BOXES

Our line of .063 DP aluminum heavy duty underbody and topsider boxes are designed to withstand rugged daily use. All of these boxes include stainless steel T-handles for easy opening and secure locking. The doors on our underbody and topsider boxes open to 90 degrees and are suspended by lanyards to give you full access to your toolbox. Both our underbody and topsider boxes include a full water channel and closed cell foam tape to protect the contents from the weather.

#### Topsider Boxes

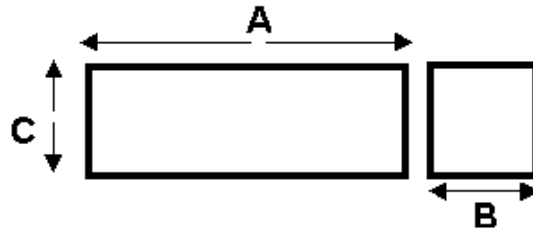

Part #	A	B	C	
TSB48	48"	16"	15"	1 Door

### UTILITY CHEST BOXES

If you prefer your toolbox to sit on the floor of your truck bed, or if you need secure storage for your trailer, SUV, RV, boat, or even garage, we have a chest box that's right for you. Our utility chest boxes are constructed of .063 gauge D.P. aluminum and include stainless steel paddle handles and gas shocks for smooth easy opening.

#### Chest Boxes

Part #	A	B	C
UC36	36"	20"	18"
UC36LP	36"	22"	11"
UC42	42"	19"	9"
